Dear Alvaro:

I just returned from the Galapagos Islands and am headed for Kenya on Monday. I am still very enthusiastic about El Frio, and plan now to compile all the necessary information on tented camps so that I can send it to you and Dr. Babtista.

I must say that I was very happy with your families' attitude about things and the way you all were willing to help me. It was a refreshing experience and I thank you very much. I was fortunate to have lunch with your father, a true gentleman, with a wisdom beyond description.

In any case, I will send you everything as soon as possible, so till then, good luck, and fly carefully. Incidentally, I made a call to the states from your office, so if you send the bill, I will send a check immediately.

Sincerely,

SVEN-OLOF LINDBLAD
